

Lou Wolf, AIA

principal + architecture

As head of the firm's quality-assurance team, Lou is charged with the review of design and construction drawings prepared by the firm and its consultants for compliance with applicable buildings codes, ordinances and protocols. Lou led the design and delivery of the Virginia Museum of Fine Arts expansion working hand-in-glove with reviews from the State's Bureau of Capital Outlay management to arrive at mutually acceptable solutions to very challenging technical and life safety issues.
